Filed: 09/24/2004

For: GENERATION OF PLANTS WITH
IMPROVED PATHOGEN
RESISTANCE

Attorney Docket No: AG03-004C-
US

RESPONSE TO COMMUNICATION

VIA FACSIMILE (571) 273-8300 and FIRST CLASS MAIL

Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

This is in response to the communication dated October 13, 2005, indicating that the submitted declaration is defective.

Applicants are still in the process of obtaining the signatures from the inventors, as many of the inventors are no longer employed by the assignee.

Attached please find the portion of executed declarations, along with a copy of the declarations sent to the inventors but not yet returned. Once received, the entire declaration package will be re-sent.

The legal name of the fourth inventor is Tina M. Harwell. The listing of Tina M. Harweel is a typographical error by the USPTO. Attached is a copy of the Transmittal letter, acknowledgement postcard and Sheet No. 2 of the PCT Demand as filed with the USPTO on October 7, 2003.

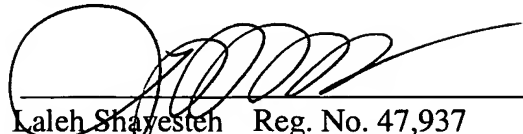

This is a good faith response to the communication sent on October 13, 2005. Fees are believed to be due for the submission of this response. If this belief is in error, however, the commissioner is authorized to charge any fees for consideration of this response and any other papers filed herewith to deposit account number 50-1108.

RECEIVED
